

## AVALON BOOM POLES

### Top Quality Affordability for ENG, EFP, DV Production

Crafted of the same high-density graphite fiber used in the K-Tek Classic line or in cost-effective aluminum tubing, Avalon boom poles are designed to meet the needs of ENG and DV Camera crews. The series offers many of the same benefits of the original Classic boom poles in an affordable package – eliminating some deluxe features but without sacrificing any of the K-Tek quality. All poles feature the same high-reliability collars and unique “captive collet” coupling system – telescoping sections lock in place securely and easily. Factory wired models (CC or CCR) are fitted with a high-quality coiled cord inside the pole and a sturdy male XLR receptacle conveniently mounted with a bottom exit or a side exit at the base.

The first professional boom pole designed to fit into a standard equipment case, the versatile Avalon Traveler (KEG-88 or KE-79) stores quickly for easy transportation and extends to a maximum reach over 6’7”. In addition to standard black, some models of the Avalon Aluminum series are now available in striking anodized red or blue.

### Avalon Graphite Boom Poles

| Model      | Min. Length   | Max. Length    | Sections | Weight           |
|------------|---------------|----------------|----------|------------------|
| KEG-60     | 1' 7" (49cm)  | 5' (152cm)     | 5        | 0.687 lbs (312g) |
| KEG-60CC   | 1' 7" (49cm)  | 5' (152cm)     | 5        | 0.937 lbs (415g) |
| KEG-88     | 1' 11" (59cm) | 6' 8" (203cm)  | 6        | 0.907 lbs (411g) |
| KEG-88CC   | 1' 11" (59cm) | 6' 8" (203cm)  | 6        | 1.214 lbs (550g) |
| KEG-100    | 2' 2" (66cm)  | 8' 9" (267cm)  | 5        | .955 lbs (433g)  |
| KEG-100CC  | 2' 2" (66cm)  | 8' 9" (267cm)  | 5        | 1.262 lbs (572g) |
| KEG-100CCR | 2' 5" (74cm)  | 8' 9" (267cm)  | 5        | 1.362 lbs (601g) |
| KEG-150    | 3' (93cm)     | 12' 6" (381cm) | 5        | 1.328 lbs (602g) |
| KEG-150CC  | 3' (93cm)     | 12' 6" (381cm) | 5        | 1.635 lbs (741g) |
| KEG-150CCR | 3' 3" (101cm) | 12' 6" (381cm) | 5        | 1.699 lbs (770g) |

### Avalon Aluminum Boom Pole Models

| Model     | Min. Length   | Max. Length   | Sections | Weight           |
|-----------|---------------|---------------|----------|------------------|
| KE-69     | 2' 4" (72cm)  | 5' 9" (175cm) | 3        | .786 lbs (356g)  |
| KE-69CC   | 2' 4" (72cm)  | 5' 9" (175cm) | 3        | 1.051 lbs (476g) |
| KE-79     | 1' 8" (52cm)  | 6' 7" (201cm) | 6        | 1.237 lbs (561g) |
| KE-79CC   | 1' 8" (52cm)  | 6' 7" (201cm) | 6        | 1.452 lbs (658g) |
| KE-89     | 2' 5" (74cm)  | 7' 2" (229cm) | 4        | 1.110 lbs (503g) |
| KE-89CC   | 2' 5" (74cm)  | 7' 2" (229cm) | 4        | 1.375 lbs (623g) |
| KE-110    | 2' 7" (79cm)  | 9' 2" (279cm) | 5        | 1.458 lbs (661g) |
| KE-110CC  | 2' 7" (79cm)  | 9' 2" (279cm) | 5        | 1.723 lbs (781g) |
| KE-110CCR | 2' 10" (87cm) | 9' 2" (279cm) | 5        | 1.813 lbs (822g) |
